The background of the cover is a lush, detailed illustration of a tropical jungle. A jaguar is the central focus, walking towards the viewer on a rocky path. In the background, there is a waterfall cascading into a stream, surrounded by dense green foliage and trees. A toucan with a large, colorful beak is perched on a branch in the upper right corner. A small paw print icon is positioned above the word 'Jaguar'.

Jaguar Adaptations Workbook

A printable AnimalSake activity pack

Name: _____

Read

Match

Food Chain

Quiz

Rainforest Predator

Jaguars are built for life in dense forests and near rivers.

Rosette camouflage

Dark ring-shaped spots help break up the jaguar's outline in leafy shade.

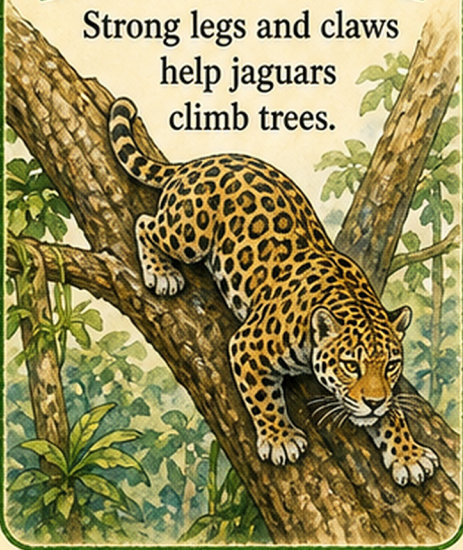

Strong jaws

A powerful bite helps jaguars catch and eat prey.

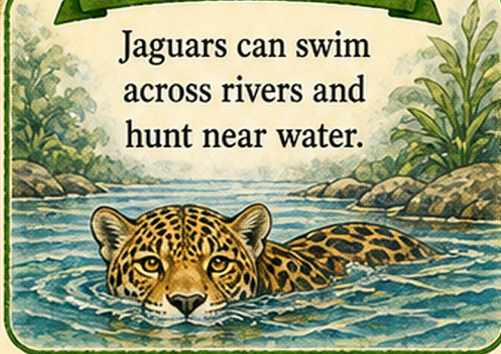

Climbing body

Strong legs and claws help jaguars climb trees.

Good swimmer

Jaguars can swim across rivers and hunt near water.

Night senses

Large eyes and careful hearing help them move in dim light.

Quick Words

Rosette:
a ring-shaped spot

Predator:
an animal that
hunts other animals

Camouflage:
blending in with
surroundings

Match the Jaguar Adaptation

Draw a line from each feature to how it helps.

Feature

1

Rosette spots

2

Strong jaws

3

Claws

4

Swimming ability

5

Night vision

How it helps

A

Helps climb trees

B

Helps hunt near rivers

C

Helps blend into leafy shade

D

Helps see in dim light

E

Helps catch and eat prey

Think Like a Scientist

Which adaptation helps most in a dark rainforest?

My answer: _____

Jaguar Rainforest Food Chain

Draw arrows from food to eater.

fruit

leaves

insects

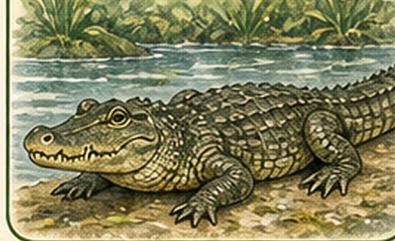

peccary

capybara

caiman

jaguar

Arrow rule

The arrow points from food to the animal that eats it.

Try it

Draw 4 food chain arrows.

Circle the top predator.

Underline one plant food.

Balance question

Why do predators matter in a habitat?

Jaguar Observation Log

Study a jaguar from a video, zoo, book, or article.

Date: _____

Source: video / zoo / book / article

Habitat clues I saw:

- leafy shade
- river
- tree branch
- vines
- rocks
- night scene

Body features I noticed:

- rosette spots
- strong legs
- claws
- large eyes
- long tail

What was the jaguar doing?

- walking
- climbing
- swimming
- resting
- looking around

Draw the jaguar habitat

I noticed: _____

Question I have: _____

Care note

Observe wildlife respectfully
and protect rainforest habitats.

Jaguar Quick Quiz

Circle the best answer.

1

What are jaguar rosettes?

- (A) ring-shaped spots (B) bird wings (C) fish scales
